

Discretionary increase litigation – settlement proposal

Date set for High Court hearing regarding approval of the proposed settlement

In our [June 2019 update](#) we reported on the delay to the original, July 2019, High Court hearing date.

We are pleased to confirm that the High Court has listed a new hearing. This will be held over 1 to 1.5 days, between 28 October 2019 and 30 October 2019. We have also reserved a separate day for pre-reading by the Judge in order for the matter to be fully considered at the hearing.

There may then be an interval while the Judge writes up the decision before the outcome becomes public.

We will continue to keep members updated on developments as soon as we are able to do so.
