

Incorrect Trustee information on our NAPS website

On 16 October 2018 we published an article on the APS website to announce that British Airways had appointed Roger Maynard as new Chair of the APS Trustee from 15 October 2018 and that Virginia Holmes would be continuing in her role as Chair of the NAPS Trustee.

Our websites for APS and NAPS include details of the [Trustee Directors of each Scheme](#) and we updated the APS website to show Roger Maynard as Chair of the APS Trustee. Unfortunately, our website provider included this change to the NAPS website in error and Roger was wrongly shown as Chair of the NAPS Trustee for a short time after our article was published. Our website provider has apologised for their mistake and reassured us that this type of error will not happen again with any future updates to our websites.

We are sorry that incorrect information was displayed on our NAPS website and would like to make it clear that Virginia Holmes is continuing her role as Chair of the NAPS Trustee.
